

WHITNEY IS DEAD.

The Former Secretary of the Navy Passed Away at His Home in New York.

AN OPERATION WAS PERFORMED.

Mr. Whitney Died Under the Influence of Ether Administered Preparatory to a Second One.

He Was Taken Ill With Peritonitis Friday Night at the Performance of Rigoletto and Had to Leave Before Opera Ended.

New York, Feb. 3.—William Collins Whitney, former secretary of the navy, died a few minutes after 4 o'clock Tuesday afternoon at his home, 871 Fifth avenue. He died while under the influence of ether, administered preparatory to a second operation for appendicitis. By his bedside were his son, Harry Payne Whitney, and his daughter, Dorothy Whitney, as well as Dr. William T. Bull, the chief surgeon in attendance. Mr. Whitney was in his 64th year.

Mr. Whitney was taken ill Friday night at the performance of Rigoletto at the Metropolitan opera house and had to leave before the opera ended. Dr. Walter B. James, the Whitney family physician, was summoned and found that the condition of the patient was such that after consultation an operation was decided upon and was performed by Dr. Bull. The patient rallied so well that it was fully believed he would recover.

Mr. Whitney's condition was very grave, however, on Sunday and Monday, and at a consultation held Tuesday afternoon the conclusion was reached that the only hope for the patient lay in a second operation.

A bulletin issued in the morning stated that there had been a slight improvement in the patient's condition, but shortly before 3 o'clock alarming symptoms were noted and hurried preparations were made for a second operation.

Mr. Whitney was placed under the influence of ether, but whether the operation was proceeded with or not is unknown.

When the physicians perceived that the patient was in danger of death Harry Payne Whitney and Miss Dorothy Whitney were immediately notified. They hastened to the side of their father and in a few minutes he had breathed his last. Oxygen was used and all the skill of the physicians and surgeons brought into play to save the life of the distinguished patient, but to no avail. It was 5 o'clock before the simple fact of his death was made public.

Later the following statement was issued: "Mr. Whitney died at 4 o'clock of peritonitis and blood poisoning following an operation for appendicitis."

"The interment will be at Woodlawn at a date to be hereafter fixed, in the family plot, where are the remains of Mrs. Flora Payne Whitney, Olive Whitney and Mr. Whitney's grandchild, Flora Payne Paget."

"The funeral services will be held at Grace church, where Mr. Whitney was a pew holder."

Soon after the death visitors began to call at the house. Among them were Mrs. Cornelius Vanderbilt and ex-Secretary of War Elihu Root.

Mr. and Mrs. Payne Whitney were in Thomasville, Ga., when Mr. Whitney's condition became critical, but they left for New York immediately on a special train. A cablegram was sent Saturday to Mrs. Almerich Paget, Mr. Whitney's daughter in London, and it is believed she is now on her way home.

The board of governors of the Democratic club, of which Mr. Whitney was a member, postponed an entertainment the club was to have had Tuesday night.

Mr. Cleveland Deeply Affected. Princeton, N. J., Feb. 3.—Mr. Cleveland was deeply moved when he learned of Mr. Whitney's death. To a press representative he said:

"The news of Mr. Whitney's death has greatly shocked me. As I think of him my mind, passing beyond recent years, dwells upon the days of my association with him in high official duty and recalls the time when I had the opportunity to enjoy his unreserved intimacy and friendly companionship. Our relations have never changed, but the exigencies of life have forbidden recent close intercourse."

"Mr. Whitney had more calm, forceful efficiency than any man I ever knew. In work that interested him he actually seemed to court difficulties and to find pleasure and exhilaration in overcoming them. His conquest over the obstacles he encountered in undertaking to build up our navy afforded him greater delight than the contemplation of the great results he achieved in his department of the gov-

ernment. His judgment was quick, clear and astonishingly accurate; and, when it was called into action, his mental poise was so complete that neither passion nor irritation could lead it astray."

"While I remember all this with admiration and affection, I recall with more tender sentiment Mr. Whitney's devotion to his friends, his extreme consideration for all with whom he came in contact."

PORTO RICAN COMMISSIONER.

He is Given Authority Equal to That of a Delegate By the House.

Washington, Feb. 3.—Senate—Mr. Clarke, the new democratic senator from Arkansas, made his first speech in the senate Tuesday. He spoke for two hours and announced his endorsement of every position taken by the president in connection with the Panama revolt and in the negotiation of the treaty with the new state. He even said that in view of the provocation given by Colombia the president might have been expected to go farther than he did in advancing the cause of Panama. He declared that there was more popular support of the course of the president's policy among democrats than among republicans and said that the democratic votes necessary to ratify the treaty were assured. Mr. Fairbanks also spoke in support of the treaty, contending for the irregularity of all the proceedings of the administration on the Isthmus of Panama. The proceedings of the day were opened with prayer by Rabbi Philipson, of Cincinnati.

House—By unanimously agreeing to a resolution amending the rules of the house the resident commissioner to congress from Porto Rico was given additional authority equal in all essential respects to that of a delegate from a territory, the action not requiring the concurrence of the senate. A bill which provided for a "delegate from Porto Rico" passed the house during the last congress, but was amended by the senate to such an extent that it failed. A bill duplicating the action of the house at the last session is now pending but meanwhile Porto Rico will receive under the action taken Tuesday practically all of the benefits extended in the measure. Several hours were spent by the house in passing five private claims bills and the beginning of consideration of the omnibus claims bill.

The Total Loss Is Estimated at About \$275,000.

Cincinnati, Feb. 3.—Fire which started in the five-story building occupied by the Great China Tea Co., at 27 Vine street, Tuesday night totally destroyed that building and partially destroyed seven adjoining buildings. The total loss is estimated at \$275,000, divided as follows: Great China Tea Co., \$100,000; Lowry & Goebel, carpet warehouse, \$60,000; Herman Goepfer & Co., malsters, \$60,000; J. L. Hite & Co., dealers in leaf tobacco, \$25,000; Gale Bros., flour merchants, \$5,000; J. C. Kerr & Co., grocers, \$20,000; John McHale, broom factory, \$2,000, and a vacant warehouse, \$3,000. The loss is fully covered by insurance. The fire, it is said, originated on the second floor of the Great China Tea Co. building, presumably from an overheated stove.

THE CABINET MEETING.

Secretary William H. Taft Warmly Welcomed By His Associates.

Washington, Feb. 3.—All of the members of the cabinet except Secretary Hay, who is in the south, were present at Friday's meeting. Secretary Taft was warmly welcomed by his associates. The new secretary weighs something more than 225 pounds and in taking his seat he remarked that the chairs were so low that a heavy man would find difficulty in rising.

Nothing of special moment came before Tuesday's meeting, the time being largely spent in advising Secretary Taft as to the status of affairs in the east so far as the government has knowledge and as to other matters of national consequence.

SCALE COMMITTEE

Coal Operators Give up Their Specific Demands for a 15 Per Cent Reduction.

MINERS ABANDON FIRST DEMAND.

It is Understood They Will Agree to a Compromise Renewing the Present Wages and Conditions.

In Case An Agreement Should Not Be Reached It is Thought Another Joint Conference Will Be Held in About 30 Days.

Indianapolis, Ind., Feb. 3.—After another day of argument no agreement has been reached by the scale committee of the joint conference between the miners and the operators of the central competitive district. The operators have abandoned their specific demand for a 15 per cent. reduction in wages, but insist upon "a substantial decrease." The miners have, it is understood, decided to abandon their first demands and will agree to a compromise, renewing the present scale and conditions. A sub-scale committee of 16 has been appointed consisting of two operators' and two miners from each of the four districts. Both operators and the miners believe that the two sides have come down to the last concessions that they will make at this time. The miners, however, believe that the Illinois and Indiana operators desire to keep their mines in operation and would again sign the present contract if left free to do so, and that it is likely that as separate states they will sign before April 1 if the miners' policy is to permit any one part of the central competitive field to operate in case the whole district does not act unanimously. The miners also are of the opinion that the Ohio and Pennsylvania operators would not object to their mines being tied up.

The general belief among the operators is that the miners will make no further concessions, and that even if their officers and scale committeemen should report back to the 557 miner delegates from the four states, who are being held in Indianapolis, a recommendation that a five, eight or ten per cent. reduction in wages be accepted, the recommendation would be lost on a roll call vote.

The Illinois operators are taking a view of the present crisis altogether different from that of the Pittsburgh district. They point to the fact that the Pittsburgh and the Ohio operators have over 4,000,000 tons of coal stored on the lakes and at other points, and that the owners of this coal would make a large profit by an advance caused by suspension.

On the other hand, it is argued that the time has come when the Ohio and Western Pennsylvania operators must have a readjustment that will enable them better to compete with West Virginia, the Connellsville coke region, and other low priced mining districts. It is thought that the result of the present joint conference will be known by Wednesday night. In case an agreement should not be reached it is thought another joint conference will be held in Indianapolis in about 30 days.

Officials of the miners claimed Tuesday evening that the operators of Ohio, Illinois and Indiana have agreed to their proposition to renew the present scale, but that the operators of Pennsylvania are making a vigorous objection.

White Girl Shot and Killed By the Wife of a Colored Barber.

Somerset, Pa., Feb. 3.—Minnie Friedline, a white girl, aged 22 years, was shot and killed Tuesday by Mrs. Frank Simpson, wife of a Negro barber. It is alleged that jealousy was the cause for the crime.

KENTUCKY GENERAL ASSEMBLY.

Action on Educational Qualification For Negro Voters Postponed.

Frankfort, Feb. 3.—Senate—The resolution to reimburse Senator Edwards and John Feland for expenses of their contest, decided last session, was passed unanimously by the senate Tuesday. The capitol appropriation bill was read as enrolled and signed by President Thorne. The Catron resolution, providing pay for committees for pauper idiots for the time elapsing because of the failure of committee to have the ward examined, was unanimously passed. The five bills amending the present game laws and creating the state fish and game warden system came up as a special order. Senator Richardson fought the bills, because, he said, if the bill passed the rabbits would run the orchards in his district, and he could never be re-elected to the senate.

House—When Representative Heflin, in the house, indicated the hour for the special order, House Bill No. 64, by himself, placing an educational qualification on Negro voters, Mr. Klair, of Lexington, moved to indefinitely postpone action on the bill, and the motion prevailed. By a vote of 51 to 30 the A. J. Thompson bill regulating the charges that may be made by stock yards was defeated. Mr. Heflin's bill No. 65, defining due diligence in the collection of drafts, checks, etc., to be the usual commercial way, was passed. The house passed the Weathers bill, which declares that a town of the sixth class, lying on a county boundary line, shall for town election purposes be deemed to be in that county in which the larger part of the town lies.

Great excitement prevails and a hard fight is being made against the saloons.

A FIGHT REPORTED.

Engagement Between Colombian Troops and the Indians on the San Blas Coast.

THIS IS IN PANAMA TERRITORY.

The United States Gunboat Bancroft Was to Have Sailed, But the Order Was Countermanded.

There is a Possibility That the Indians Are Fighting With Capt. Torres' Command, Mistaking Them For Colombians.

Panama, Feb. 3.—A report has reached the isthmus that Colombian troops are fighting with the Indians on the San Blas coast, which is in Panama territory. It is impossible, however, to obtain reliable confirmation of this.

The United States gunboat Bancroft was to have sailed Tuesday from Colon to Rocas del Toro, but the orders were countermanded at the last moment because of the report of fighting on the coast.

A letter was received here some time ago from Capt. Torres, commanding the Panamanian troops at Chepo (on the south side of the isthmus directly south of the San Blas country) saying he had decided to cross over to the Atlantic side. There is a possibility that the Indians are fighting with Capt. Torres' command, mistaking them for Colombians.

Colon, Panama, Feb. 3.—W. I. Buchanan, United States minister to Panama, sailed Tuesday evening for New York on the steamer City of Washington.

J. T. Ford, consulting engineer of the Colombian government, has arrived here from Cartagena and also goes north on the City of Washington. Mr. Ford declined to express his views regarding the situation in Colombia before reaching New York.

The fire started in the six-story Phoenix building on Gay street, between Wall and Union avenues, and the wholesale hat and millinery house of Murphy & Robinson. The firemen were unable to check the flames which spread both north and south into the store of M. L. Ross & Co., on the south. On the south the fire did not make further progress, but on the north, after gutting the Cullen & Newman establishment it spread to Cullen & Shields' wholesale glassware and machinery house, which was entirely destroyed.

Put \$50,000 or \$100,000 capital into Maysville's tobacco factory and it could be made one of the most successful enterprises in the city.

HEARST, of New York, is looming up as an important figure in the Democratic Presidential contest. While he is a multi-millionaire he has always been a friend of the people.

It is claimed by the cattle growers of Iowa that the meat trust beat them out of \$100,000,000 last year, but nine out of every ten of these cattle men will continue to vote for the friends of the trusts.

KENTUCKY is making a good start in the way of industrial development for this year. During the month of January seventy-one new companies, with an aggregate capital stock of \$1,499,600, were incorporated in the Secretary of State's office.

It is gratifying to note that the Heflin election bill is not meeting with much favor in the Legislature. It is purely a partisan measure, and for that reason should be "killed." Representative McKnight's substitute providing that the educational clause should apply to all races, but not till 1908, would be an improvement, but it was not accepted.

JUDGE HARBESON FOR DELEGATE.

The Democrats of Kentucky will be called on in a few months to select delegates to the National convention. The probability now is that the delegation will be sent uninstructed, and in that event it is of the utmost importance that men of cool, sound judgment and whose Democracy is unquestioned be chosen. The BULLETIN takes pleasure in suggesting Judge James P. Harbeson for one of the delegates from this Congressional district. His selection would be a most popular one, and the honor most worthily bestowed.

The "Publicity Bureau," of Boston, sends out the following in reference to the trip of Rev. R. E. Moss: "Rev. R. E. Moss, of Maysville, is a member of a party which has introduced a new feature into European travel. Under the leadership of Prof. Willett, of the University of Chicago, the party will visit Palestine and Asia Minor for the prosecution of theological and archaeological studies as well as a study of the recent excavations and present manners and customs of the East. The novel feature of the trip is that the study will begin as soon as the ship sails. Prof. Willett delivering daily lectures. After leaving the ship at Alexandria the party will make an exhaustive tour of the Holy Land and a separate subject for study will be assigned to each student as the basis for a thesis at next June's exercises. During their travels the party will live for most of the time in camp and Prof. Willett will continue his lectures by the camp fires." The party sailed from Boston last Saturday.

Whiskey and Beer Habit

PERMANENTLY CURED BY
"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D., Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now have the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatment on Drunkenness, (sealed) free on request. Sold and recommended by

HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

ABERDEEN, Feb. 1st.—The most pleasant event of the season by far took place at home of Miss Tillie Small last Wednesday. The eve was spent in games, vocal and instrumental music and dancing, after which refreshments were served such as only the fair hostess is noted for. All were loud in praises for the very pleasant manner in which they were entertained. Miss Tillie was assisted by her aunt, Miss Anna Small, in seeing to the pleasure of all. Even the genial Captain came in for his part of entertaining by his graceful dancing and singing his favorite songs, which was highly appreciated by all and brought forth peals of laughter and applause. When goodnight or rather good morn was said, all were loath to leave the scene of so much pleasure. When it comes to entertaining, Miss Tillie has no equal, as all will attest. The following guests were present: Dr. and Mrs. L.ughlin, Mr. Laughlin, Sr., Mr. and Mrs. O. L. Sutton, Mrs. Dove Dieterich and daughter Ruth, Misses Minnie R. Clephane, Carrie Hill, Lillie Case, Anna O'Harron, Goldie Brookover, Anna Steel, Lillie Mutschelknaus, and Messrs. Dave Bierley, Glen Bradford, Gus Sorries, Bruce Rist, Foster Boswell, Walter Gardner and Prof. Dave Devore.
